HARRINGTON HEADS FOR AUGUSTA—CONTINUES STUDIES

A legislative candidate from the Bethel area, Raymond Harrington, of Greenwood, left last week for Augusta where he will resume his pre-medical studies at the University of Maine's Augusta campus. Ray's education was interrupted last year when he fell from the roof of a building. Ray was working for a local contractor to earn funds for his education at the time of the accident. After the fall, Ray spent many long weeks in the hospital while doctors labored to assure him the use of his left arm so that he could resume his studies to prepare him for the medical profession with a specialization in surgery.

Raymond Harrington

While recuperating from his accident, Ray had time to meet and talk with many people in and around Bethel. As a result of his conversations with people, young and old, he became interested in solving problems to the governmental process and announced his candidacy for the Legislature representing the towns of Andover, Bethel, Byron, Gilead, Greenwood, Hanover, Newry, Roxbury, Stoneham, Upton, and the Pincations of Lincoln and Magalloway. Ray has spent much of his

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We do not plan to construct any State Aid Road this year as we feel the funds available will be insufficient to complete the project we have planned to build.

There are a series of curves on the Locke Mills to East Bethel road we would like to eliminate but do not feel the two years money we have accumulated would be as well spent now as when we have the funds to carry us through the entire project.

The Summer Road account is already badly overdrawn. Consideration has been given to have a special town meeting to appropriate more money to overcome the deficit by transferring from Surplus. The major portion of the overdraft occurred as a result of the high water we had in the winter causing us to make a considerable expenditure in West Bethel that was not anticipated. The Selectmen, at their last meeting decided not to call a meeting at the present. It was felt that in view of the fact that special town meetings have a history of poor attendance when called for a reason not especially controversial we would not accomplish anything other than to legalize the existing overdraft.

Elwyn N. Dickey

spare time this past summer familiarizing himself with the people in these towns and the issues which concern them.

While studying this fall, Ray plans to make contact in Augusta and acquaint himself with the people and departments in the State Capitol which will better aid him to serve his constituents if elected in November.

Harrington feels that jobs security, economic development, education and pollution seem to be the most prevalent issues in his legislative district. Although Ray is a candidate for the legislature on the Democratic ticket, he is dedicated to representing the people and not the party that sends him to Augusta.

WIPE OUT GERMAN MEASLES

WEEK STARTS SUNDAY, SEPT. 20

"Wipe Out German Measles Week" starts Sunday in the Greater Rumford area and a free clinic will be held in Bethel on that date, from 1 p. m. to 3 p. m. at the Congregational Church.

Mrs. Alvin Stevens, Bethel clinic chairman, urges parents throughout the area to bring their pre-school children, ages 1 - 5 to this clinic. A transportation pool has been set up for those who need it. The names and telephone numbers for Bethel, Locke Mills, Bryant Pond, West Bethel, Gilead and Andover, are listed in this week's Bethel Citizen advertisement sponsored by the Bethel Lions Club.

An intensive education program on the importance of rubella (German Measles) vaccinations has been in progress in Rumford, Dixfield, Mexico and Bethel over the past two weeks. During discussions, the following questions are most commonly asked:

1. How long has this new vaccine been on the market? It was licensed for general use in June, 1969, following several years of thorough testing.

2. Do measles shots protect against German Measles also? No. Measles (rubella) and German Measles are different diseases. Protection against one does not offer protection against the other.

3. Why is German Measles so dangerous? This disease has been determined, as one of the major causes of birth defects when contracted by an expectant mother during the first three months of pregnancy.

4. I think my child already had German Measles. Can he get them again? Does he need to be immunized? If a child has had German Measles he's immune for life. But other diseases look like German Measles. Even a physician can't always be 100% sure in diagnosing German Measles. Many people think they've had it, when they haven't.

NO INJURIES REPORTED IN TRAIN/CAR CRASH

The Misses Vicky Dunham and Kathy Dunham of Locke Mills escaped injury last Sunday evening when their car was struck by a Grand Trunk freight train, after it reportedly stalled on the grade crossing opposite the Bethel City Station on Route 2. The auto sustained extensive damage. Investigating the accident were Bethel Police Officer Robert Stearns and Oxford County Deputy Sheriff Joseph Smallwood.

S. A. D. 44 DIRECTORS TO MEET MONDAY NIGHT

The board of directors of S. A. D. 44 are scheduled to hold a regular meeting in the library at Telstar Regional High School at 7:30 Monday evening, September 21. INTERNATIONAL SNOWMOBILE CONGRESS AT PORTLAND OCTOBER 13-14

Experts from as far away as Florida and Ottawa, Ont., will be among the speakers on Tuesday, Oct. 13, at the opening day of the Third Annual International Snowmobile Congress which will be held in Portland, Oct. 13 through 14.

All discussions and seminars on the opening day will concern some aspect of "Communications" according to general chairman J. Bruce Johnson. On Wednesday, the 400 expected attendees will devote the day to discussion of "Environment." On Thursday, the economic "Impact" of snowmobiling will be the central topic.

Snowmobiling safety will be outlined by William Severson, recreational safety specialist for the State of Minnesota's Department of Conservation. Mr. Severson was instrumental in establishing the first mandatory Snowmobile Safety Course in the Nation and will describe the course to the Congress, and will continue on Page Four

CHURCHILL ASSIGNED AS ASSISTANT RANGER IN EVANS NOTCH DISTRICT

Gilbert B. Churchill is being transferred to the position of Assistant Ranger on the Evans Notch District of the White Mountain National Forest at Bethel, according to John C. Anderson, District Ranger. Mr. Churchill was formerly Timber Management Assistant on the Isabella Ranger District of the Superior National Forest in Minnesota.

Mr. Churchill received a Bachelor of Science degree in Forest Resources Management from the University of Minnesota in 1961 and a Master of Science degree in Administrative Forest Management from Minnesota in 1963. He began his employment with the Forest Service in the Nezperce National Forest in Idaho in 1958. He later served on National Forests in Washington, Montana, and Minnesota.

Mr. Churchill and his wife, Lucille, have three sons, two of whom are enrolled at the Ethel Bisbee School in Bethel. Mrs. Churchill received a Bachelor of Science degree in Home Economics from the University of Minnesota in 1962.

They have leased a residence on Vernon Street in Bethel.

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —
Late yesterday, the sun in a cloudless sky was brilliant as it cast rays of light over our country side.

For a time there were glowing colors climbing into the sky; soft reds, rich saffrons and streaks of blue. These colors transformed our landscape briefly. Walls and fences were faded lines, pastures and hills were soft blue, a panorama of tints against the western sky, the trees were silhouetted and shadows crept down as days curtains closed.

Later in the evening, I came

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —
Mark Thurston and Douglas Bean attended Lancaster Fair last week. They went with their grandmother, Mrs. Arthur Thurston, in Lancaster. Mrs. Thurston babysat for her daughter and husband, Mr. and Mrs. Larrie Wilday.

Mr. and Mrs. Ellis Davis went to Lake Umbagog near Amesbury, Mass., Tuesday to visit Mrs. Davis' cousin, Mrs. Waldo Hubbard. They returned home Thursday.

Mr. and Mrs. Ellis Davis called on Mr. and Mrs. Everett Riley, East Baldwin, Thursday.

The Willing Workers catered for the 50th anniversary of Mr. and Mrs. William Strout held at the Town Hall Sunday afternoon. Mr. and Mrs. Strout lived in South Woodstock from 1897 to 1967 when they moved to Bryant Pond. We wish for them a very happy life continuing for a long time.

School is going full swing again. Mrs. Jessie Andrews received word from the Clements family. They are settled in their apartment. It took them three days as they picked up the boys at a relatives' home going out to Syracuse, N. Y.

Mr. and Mrs. Ellis Davis attended the wedding and reception of Judith Tyler and Albert Kijger held at Norway and South Paris Saturday afternoon.

Mr. and Mrs. Donald Mason Sr. and Mr. and Mrs. Don Mason Jr. spent the week end in Rolland, Vt.

The Adventist School are taking subscriptions for a paper that they are having edited for them. The material is being written by the pupils, teachers and friends. They will be glad to have ads in the paper. too, if anyone has articles for them.

down the road. It was a crisp, breezy evening. The orange yellow moon sailed serenely among the stars. Gliding peacefully along with royal heads high the ducks talked and preened in the moonlit path. The pond's surface clear and cool reflected to them the rushes in shallow water near the land.

The few clouds changing shapes added their magic to the night. A bend in the road and trees like a lacy shawl concealed briefly the gleaming gem. Then again a warm yellow light was showing through the trees and searching the water.

It was a beautiful world as I looked across the valley to the west. The mountains seemed an unearthly frieze against the horizon.

Moon and stars looking down guided me as I turned into my yard.

Silliness was far reaching on this evening scene.

Deep moonlight was shutting down the night and gentle peace walked over the land.

MAGALLOWAY

ACTIVITIES
Classes began at Telstar Regional High School on Tuesday, Sept. 8, with an enrollment of 647, which has since swelled to 654.

There are several new faculty members this year: Mrs. Mollie Bryant, head of the English Department; Mrs. Susanne Bane, English instructor; Miss Ann Holt, Special Education instructor; Maynard Morgan, Industrial Arts instructor; Mrs. Diane Morion, English instructor; and Mrs. Marilyn Thayer, Arts and Crafts instructor.

All-school assemblies were held on Tuesday and Friday of last week for the purpose of orientation, and during the Friday assembly a pep rally was also held. On Tuesday, Sept. 15, an assembly was held to acquaint the student body with the various clubs and organizations active within the school. Representatives from all the clubs and organizations spoke to the group, giving a brief resume of each club's requirements and activities.

At an assembly on Friday, Sept. 18, Mr. Gerardi, Superintendent, will address the students.

TELSTAR STUDENT COUNCIL BACK IN ACTION

With school reconvened for only one week the Student Council at Telstar is beginning what promises to be a busy year. Elections were held last spring and a list of the members will be printed as soon as a vacancy from the freshman class is filled. Officers Brad Fiske (president), David Holt (vice-president), Merry Robertson (secretary), and Mike Davis (treasurer), were elected in a meeting of the new Council last spring.

The Council will help the four high school classes to hold elections of officers.

Students returning to school found a cola machine along with the coffee-hot chocolate machine this fall. The Council operates both machines as its only source of income. As usual we are coordinating the school calendar of activities.

In a meeting held Friday, ideas were discussed concerning building school spirit.

Christian Science

Readings on materialism is a modern form of idolatry and can be counteracted by an understanding of the Ten Commandments as explained in the Lesson Service on "Materialism" to be read in all Christian Science churches on Sunday, Sept. 20.

"We bow down to materialism and certain infinite thoughts of God have the power to deliver." stated one of the readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. Discover and understand the Christian Science. "Materialism is a form of idolatry and in doing what they consider a material body."

SONGO POND

— Mrs. Ralph Kimball, Corres. —

Friends here are sorry to learn that Mrs. Lorrie Bean is seriously ill in the Thayer Hospital, Waterville. Her husband was a forest warden here several years. A card or note of cheer might help a little. She is in Room 227, South Wing.

Mrs. Marion Lincoln returned to Hingham, Mass., last week. Her grandson, Richard, came for her. Robert C. Lincoln is here this week settling out fir trees.

Miss Ethel Kimball arrived home last Thursday afternoon to spend the rest of the week at home, returning to Boston Sunday.

Mr. and Mrs. Paul Nowell of York Beach were visitors Thursday at Ralph Kimball's. Other callers over the week end were Mr. and Mrs. Charles Gorman, Mr. and Mrs. Rajston Bennett, and Mr. and Mrs. Herbert Adams and Derek.

An accident occurred near the home of Jimmy Kimball Saturday afternoon when a car started to make a left hand turn then swung back into the highway in the path of a passing motorcycle. The young couple from Chisholm were thrown from the motorcycle and taken by ambulance to the Rumford hospital.

Rev. and Mrs. George Stebbins have closed their home here and moved to Wheaton, Ill.

Saturday supper guests of the William Bancrofts were Mr. and Mrs. Clinton Kilgore of Norway; Frank Heath and Carol; Martha Muller of Harrison; Mr. and Mrs. Paul Halle, Mrs. Grace Morrill and Mrs. Gurney were callers there Sunday.

Mr. and Mrs. Linwood Andrews and baby were callers on the Jimmy Kimballs Sunday night. Monday evening visitors were Mrs. Eva Hanson of Norway, her sister and husband. Mr. and Mrs. William Markley, from New Jersey. Mr. and Mrs. Clyde Whitney were supper guests Tuesday.

Mr. and Mrs. Hugh Awak of Augusta, Weston Flint and friend were dinner guests of the Jesse Doyens on Sunday.

SNOWMOBILE CONGRESS

continued from Page One

explain the different aspects of snowmobile safety which can best be covered through proper educational programs.

Snowmobile clubs will be discussed by C. A. Peters, executive secretary of the Snowmobile Clubs of Minnesota. The man most responsible for the formation of this strong statewide snowmobile club, Mr. Peters will describe the many avenues open to individual and statewide clubs to make meaningful contributions to the growth of snowmobiling as a sport.

H. J. T. Young, automotive safety engineer for the Department of Transportation in Ottawa, Ont., will talk about safety standards which can be incorporated into models of snowmobiles. He has been conducting extensive research for the Federal Government of Canada into possible production standards and will present his findings to the Congress.

The Honorable Wakine Tanous, Senator from Millinocket, Maine, will be present to discuss the formulation of state snowmobile laws. In particular, Senator Tanous will trace the history of the State of Maine's snowmobile law, the philosophy behind it, and possible improvements which can be expected.

A statistical analysis of snowmobiling and its impact on Maine will be presented by Larry Gaudreau, head of the Snowmobile Registration Office of the State of Maine.

Snowmobile injuries will be dealt with in great detail by Dr. Raymond Dominici of Key West Naval Hospital in Key West, Fla. Dr. Dominici has just completed a two-year study of snowmobiling injuries and will give a slide presentation and describe his findings as well as present recommendations for safer usage of snowmobiles.

Mrs. Eva B. Kennagh had Sunday guests including Mr. and Mrs. Howard McAllister and Mr. and Mrs. Kenneth Kennagh of South Paris.

There will be a meeting of Sunset Rehoboth Lodge at the hall on Monday evening, Sept. 21, at 8 o'clock. There will be election of officers and a tasting party will follow.

Mrs. Clara Cale and Mrs. Harriett Robbins, Berlin, N. H., were in town on Tuesday. Mrs. Cale spent the day with her sister, Mrs. Belle Hamlin and Miss Eugenia Haselton.

Mrs. Robbins visited Mr. and Mrs. Eddie Pelletier in Hanover.

Mr. and Mrs. Richard Blake Jr., entertained with a family cook out on Sunday at their home in Mayville. Those attending were: Mr. and Mrs. Richard Blake, Sr., and family, Oxford; Mr. and Mrs. John Blake and daughter, Oxford; Mr. and Mrs. Kenneth Kozac and children, Norway; Mr. and Mrs. Arnold Warner and family, Rumford; Mr. and Mrs. Richard Blake Jr., and family, and Linda Gilbert.

MERIT SEMI-FINALIST
ANNOUNCED AT GOULD

Headmaster Richard J. Dolven has announced that Aimee C. DesRoches, a student at Gould Academy, has been named a semi-finalist in the 1970-71 National Merit Scholarship Program.

The 14,750 semi-finalists appointed are among the nation's most intellectually talented high school seniors. They will compete for some 3,000 Merit Scholarships to be awarded in 1971.

Mrs. Theron Clough are shown during his R. & R. in Honolulu, Hawaii. Theron returned to Viet Nam to join the 25th Infantry Division. Mrs. Clough stopped two days in Los Angeles enroute home. She returned last Thursday and starts classes at the Farmington State College campus of the U. of M. this week.

to be awarded next spring. Semi-finalists become finalists by receiving the endorsement of their schools, substantiating their high NMSQT performance on a second examination, and providing information about their achievements and interests.

About 90% of the semi-finalists are expected to become finalists, and each will be considered for one of the 1,000 National Merit \$1000 Scholarships which are allocated by state.

NOTICE OF PROPOSED RECONSTRUCTION AND/OR RELOCATION
U. S. ROUTE 2
IN THE TOWN OF
BETHEL - OXFORD COUNTY
FEDERAL AID PROJECT F-025-(5)

The State Highway Commission hereby gives notice that it has received route location and highway design approval for the reconstruction and/or relocation of a portion of U. S. Route 2 in the Town of Bethel, as described below, from Robert D. Hunter, Division Engineer, Federal Highway Administration, Room 614, Federal Building, Augusta, Maine 04330:

Location: Beginning on U. S. Route 2 in Bethel about 0.1 mile northerly of the bridge over the Androscoggin River at the northerly end of an improved section completed in 1968 at Survey Station 65+50 and extending northerly generally along the existing U. S. Route 2, 1.0 mile to Survey Station 117+0, thence on new location westerly of the existing highway 1.1 miles to Survey Station 175+0, crossing the Sandy River Road about 200 feet westerly of the intersection of U. S. Route 2 to Survey Station 185+0, thence along the existing highway 0.3 mile to Survey Station 188+0, the end of the proposed project which is also the southerly end of a project completed in 1963, a total distance of 2.4 miles, said location being generally in accordance with the preliminary plans, with a modification beginning at a point near Twitchell Brook and extending northerly 0.4 mile, as described at a public hearing held in the Bethel Fire Hall in Bethel Village on March 12, 1970.

Design: The roadway will be designed 40 feet in width, made up of two twelve-foot wide bituminous travel lanes with an eight-foot wide paved shoulder on each side, all to be constructed on a variable depth aggregate base and subbase. Surface drainage generally will be accommodated by means of roadside ditches and open-ended driveway and roadway pipe culverts leading to suitable outlet ditches or natural waterways. Where the proposed roadway is located in close proximity to residences or business establishments, a paved shoulder and curb may be designed to conduct drainage by these properties. Total width of right of way required for the project will be 100 to 150 feet, or 50 to 75 feet on each side of the new centerline. Where the proposed right of way limits would come in close proximity to residences or business establishments, the width of right of way may be reduced to 70 or 80 feet, or 35 to 40 feet on each side of the centerline. Where construction limits extend beyond the new right of way limits, additional easements will be acquired. This proposed design is generally in accordance with the preliminary plans, with a modification beginning at a point near Twitchell Brook and extending northerly approximately 0.4 mile, as described at a public hearing held in the Bethel Fire Hall in Bethel Village on March 12, 1970.

Maps and sketches as well as all other pertinent information relating to the location and design of this project are available for public inspection and copying at the State Highway Commission Division Office, located on U. S. Route 2, Dixfield, Maine, between the hours of 8:00 A. M. and 5:00 P. M., Monday through Friday.

WIPE OUT GERMAN MEASLES

continued from Page One
The American Medical Association says that every child should be immunized against German Measles whether or not he has a history of German Measles. Historians are too indefinite to be dependable, and all children - particularly girls - should be protected. Protection is believed to be life long and will alleviate the fears of future generations as today's girls become women of tomorrow.

5. Can vaccinated children transfer the virus to susceptible persons? During several years of studies in controlled groups, there was no evidence shown that it was contagious.

6. Does German Measles come in epidemic? Yes. The last one, in 1964, caused 50,000 abnormal pregnancies, including some 20,000 live-born babies afflicted with a variety of severe physical and mental defects.

Medical authorities say the next one may occur in 1970-71, and almost certainly by 1973.

Efforts are being made throughout the country to immunize school children in early grades since they are the most common spreaders of the disease. The Maine Department of Health and Welfare has launched an intensive campaign through Maine to bring the dangers of rubella (German Measles) to the attention of all parents. Through grants, they have been obtaining vaccine and making it available as quickly as possible to schools (the larger communities first because of the heavier population of children).

Last spring, the Rumford Community Hospital made plans to purchase vaccine and conduct regional pre-school clinics to protect the area against the anticipated epidemic.

Because of these mass immunization plans, the Department of Health and Welfare was able to provide the vaccine without charge and allow the hospital to offer free clinics.

They also arranged to have the new pressure jet guns available for both the Rumford and Bethel clinics. This allows immunizations to be given much faster - and almost painlessly since no needles are used.

Dr. Loy Harrell, who will serve as the Bethel clinic physician, and Mrs. Sue Bartlett, R. N., S. A. D. 4 school nurse, attended a special demonstration class on the use of this pressure method at the hospital last week. David Knorok, Director of the Division of Immunization Activities, Dept. of Health and Welfare, conducted the class.

The following team of volunteers will assist at the Bethel clinic: Alice Stevens, L. P. N.; Janet Stowell, R. N.; Nellie Frankel, R. N.; Jane Mills, R. N.; Beryl Manson; Gwen Stecher; Nancy Gray, public health nurse; Mary Brown; Sue Bartlett, R. N.; Michelle Roy; Anne Benson and Judy Haskell.

A large outbreak of German Measles may very well occur in 1970-71, but it can be prevented here in the Bethel area with the help of all parents. By protecting young children with this new vaccine, the illness can be kept from them as well as from expectant mothers. All parents are urged to take their pre-school children to the clinic on Sunday, Sept. 20.

CHANGE ANNOUNCED IN CHRISTIAN SCIENCE BOARD OF DIRECTORS - Announcement was made by The Christian Science Board of Directors that by his own request Iman J. Douglass, C. S. B., will retire from that Board on Oct. 1 and will be succeeded by DeWitt John, C. S. B., of Boston.

Mr. John has been editor of The Christian Science Monitor since May, 1961. He will be succeeded in that post by John Hughes, the Monitor's Pulitzer Prize-winning Far Eastern correspondent who was named Managing Editor in June of this year.

For 20 years, Mr. Douglass has served The Mother Church in various important capacities: as Committee on Publication for Texas, as Manager of the Washington, D. C. Office of Committee on Publication, as a member of The Christian Science Board of Lectureship, and as a Director of The Mother Church. He is retiring to devote full time to the teaching and practice of Christian Science in Dallas.

"Reluctant though we are to see Mr. Douglass go," the Board stated, "we will have our deep gratitude and love as he returns to the field of labor which has always been close to his heart."

WORLD CUP SKI RACES TO BE HELD AT SUGARLOAF FEBRUARY 20-21

Sugarloaf U. S. A. at Kingfield will be the site of World Cup Ski Race competition Feb. 20 and 21 according to an announcement by the Sugarloaf Ski Club which will serve as official host for the racing.

This winter's World Cup competition at Sugarloaf will be the only World Cup racing in the East. The only other U. S. site for World Cup competition has not yet been designated but is expected to be Heavenly Valley, Calif. The World Cup races comprise 17 racing dates this year all over the world and will attract all of the outstanding amateur ski racers as they prepare for next year's Olympic competitions.

More than 100 competitors are expected to race at Sugarloaf in February. These racers, representing all the alpine countries, will compete for both individual and team points in downhill and giant slalom races at Sugarloaf. Racers from the U. S., Canada, France, Austria, Switzerland, Italy, Germany, and Sweden, will be among the favorites although many other nations will be represented.

Spectators will have the opportunity to view live the leading ski racers of today. Such outstanding competitors as Spyder Sabich, Anna Famosa, Gertrud Gabl, Rudi Sailer, Bobby Cochran, Patrick Russell, and Karl Schranz are sure to be on hand.

The races will be held on the Narrow Gauge trail at Sugarloaf which Willie Shafter, U. S. Olympic men's coach, called the best downhill racing course he's seen in the East when he viewed the trail last spring in connection with a possible World Cup Race site.

The Narrow Gauge, which has been carefully groomed all the way to the summit, boasts a 2,600 foot vertical drop over 11,000 feet of trail. In preparing for the final selection as a World Cup site, Sugarloaf officials arranged to have the entire trail bulldozed and re-seeded this past summer and now claim the trail is "lawn-smooth from top to bottom."

With the announcement of Sugarloaf as the official Eastern U. S. site for World Cup Races, a flurry of activity began in preparation for the thousands of people who will journey to Kingfield from all over the world.

SCHOOL CHILDREN USING BICYCLES SHOULD BE AWARE OF SAFETY PRACTICES

"A very big percentage of the 45 million American youngsters and teachers heading back to school this fall will be using bicycles for convenient transportation, and it is our obligation as adults, parents, educators, or interested citizens to see to it that they are advised about good bike safety," Superintendent Robert J. Gerardi, of School Administrative District 44 stated.

"We warn kids about accepting candy from strangers and the perils of drug abuse, and yet we neglect to tell them about something as elementary as traffic awareness and the bicycle rules of the road, which are probably as life-saving as other warnings," Supt. Gerardi added that most bicycle accidents are caused by youngsters and not by faulty bicycles.

"More and more educators realize we are not interested in education for its own sake, but we're trying to give youngsters the kind of background that will prepare them for a role in a changing society. Certainly the application of safety rules is as much a part of the educational process as the declension of verbs," Mr. Gerardi said.

"Latest statistics indicate that a national program of bicycle safety education is reducing fatalities, but there are always youngsters who need to be reminded again and again that they are bicycle drivers, and that they are - are obliged to know the rules of the road."

He also pointed out that with more bikes on the road than ever before, motorists must show exceptional courtesy, intelligence and concern for young pedalers. "If motorists are aware of a dangerous situation involving young bikers," he emphasized, "it is their obligation to stop, caution the bikers or their parents about the safety hazards."

Supt. Gerardi pointed out that parents should be sure that family bicycles are thoroughly inspected by a trained mechanic before they're returned to the job of transporting junior to school. Most bicycle stores and repair shops will inspect bikes free or for a modest charge and any investment in saving lives is a worthwhile investment.

Brakes, lights, reflectors, chains, body's and be on the watch for other vital parts should be checked, adjusted and repaired, he said, "If youngsters will be returning Mr. Gerardi requested.

The superintendent also went on to say that youngsters engaging in bike racing and other bike games should select quiet areas. "It just doesn't make good sense for kids on bikes to assemble in streets where traffic is heavy or potentially dangerous. Because cycling seems to be so popular this fall, we're bound to have more learners, too. Parents should insist that practice riding take place in safe areas and not on the streets," he warned.

Supt. Gerardi listed these bike safety rules as outlined by the Bicycle Institute of America. "Every concerned parent should know these rules, and then be sure that his kids know them, too," he affirmed.

1. Obey all traffic regulations, lights, stop signs, one-way streets.

2. Keep right. Ride single file. Don't weave in and out, swerve, race or stunt in traffic. Never hitch a ride on a truck or other vehicle.

3. For night riding, be sure to have a white light in front and a red light or state-approved reflector in the rear. Have a clear sounding horn or bell.

4. Slow down at all intersections, look both ways, then proceed with caution.

5. Always give pedestrians the right-of-way.

6. Watch out for cars pulling into traffic or for doors opening.

7. Don't carry passengers or packages that interfere with your vision or control.

8. Always use proper hand signals for stopping and turning.

"Let's all become 'bike busy' spokes, tires, gears and things which could prevent the good, adjusted and repaired, he said, "If youngsters will be returning Mr. Gerardi requested.

from school in the early evening hours, or if bikes are used on paper routes or other duties which keep youngsters out on their bikes at night, then reflectorized clothing or tape sewn to clothing should be utilized," he said, "in addition to front headlights, tail lights and reflectors.

"Kids today use their bikes not only as transportation, but in a variety of play ground games you and I never heard of when we were young," Mr. Gerardi said. "Obviously, the bike used in vigorous games needs to be checked frequently, and that's why a thorough preventive maintenance inspection is a good idea."

The superintendent also went on to say that youngsters engaging in bike racing and other bike games should select quiet areas. "It just doesn't make good sense for kids on bikes to assemble in streets where traffic is heavy or potentially dangerous. Because cycling seems to be so popular this fall, we're bound to have more learners, too. Parents should insist that practice riding take place in safe areas and not on the streets," he warned.

WESLEY B. HAWKINS

Wesley B. Hawkins of Greenwood died Wednesday, Sept. 16, 1970, at the VA Hospital, Togus, where he had been a patient for the past five weeks.

Born at Lewiston, May 2, 1915, he was the son of Ray and Ella Knowlton Hawkins. He attended West Minot elementary school and Mechanic Falls high school. During World War II, he served with the U. S. Army with the Coastal Artillery stationed aboard a mine layer on the east coast and later had charge of directing ships through mine fields in the harbor of Reykjavik, Iceland. During the invasion of Normandy, he was an operator of heavy equipment. Mr. Hawkins moved to Greenwood from West Minot in 1948 and made his home with his brother, Andrew. He worked as a heavy equipment operator in the area and for the past two years was employed by C. B. Cummings and Son, Norway, retiring in April because of ill health. Mr. Hawkins was a member of the Stone-Grant Post, A. L. in Norway.

Surviving besides his brother, is a sister, Mrs. Ella Shaw, Bangor. Funeral services will be held Friday morning at 10 o'clock, from the I. W. Andrews and Son funeral home, South Woodstock, with Rev. Earle Simpson, Jr., officiating. Interment will be at Maple Grove Cemetery, Mechanic Falls.

MAINE'S SESQUICENTENNIAL TOURISM TO EXCEED HALF BILLION DOLLARS

For the first time in its history, Maine's tourism will top half a billion dollars in this Sesquicentennial year. At least 20% more vacation travel than in 1969 is the preliminary estimate of DED officials, following the Labor Day week end exodus.

Annual estimates of tourism are based on the entire 12-month calendar year. The total count of 1970 vacationers will come out at about 4,900,000 and they will have spent some \$340,000,000. In 1969 the numbers were 4-million visitors and their expenditures were placed at \$450-million.

Follage, hunting and winter sports tourism will be included in the final tally before the New Year.

"However," Commissioner James K. Keefe suggests, "the summer traffic was so heavy that even normal travel this fall will substantiate our preliminary estimates."

Vacation-Travel and Promotion divisions are querying several other state departments, chambers of commerce, resort industry associations, etc., to back up the record-breaking "guesstimate." No vacancy signs almost daily from Kittery to Calais, traffic jams on the Turnpikes at intervals and other straws-in-the-wind seem to substantiate the preliminary thinking. In any event, Vacation-Travel and Promotion officials attribute part of the success of this record-breaking season to the fact that private industry throughout Maine "laid in with the new 'ME' advertising theme thereby boosting the state's promotional budget by thousands of dollars.

"Hot, vacation travel has been peaking for the past half-dozen years," Commissioner Keefe points out. "This summer topped them all, we believe."

Among those leaving for college last week end were Amy Kenett and Donna Brown to Westbrook College, Portland; Ellen Donkrow and Kristen Gilmes to Plymouth State Teachers College, Plymouth, N. H.; and Frances Thurston and Judy Angeline to the University of Maine at Gorham.

Miss Elaine Sue Kimball, daughter of Mr. and Mrs. C. Mellen Kimball of Locke Mills, and Eric Raymond Henley, son of Joan A. Henley, Bryant Pond, and Edwin R. Henley, L.L. Col. (USAF ret.) of Hong Kong, were united in marriage on Sept. 4.

The double ring ceremony was performed by the Rev. Robert Parker at the Church of the Nazarene.

The bride's gown of chiffon over satin was accented with lace trimmings around an empire waistline, cuffed sleeves, and high neckline. She carried a cascade of white daisies and baby's breath.

Miss Brenda Tibbets of Bethel, wearing a pale yellow gown, and carrying a bouquet of yellow daisies, was maid of honor.

Dwight York of Bryant Pond was best man. Seating guests were Earl Randolph Henley and Ronald Edwin Henley, brothers of the bridegroom.

After a reception at the home of the bride's parents, the bridal couple left on a trip through New Hampshire.

The bride attended Gould Academy two years and graduated from Telstar Regional High School, class of 1970.

Mr. Henley attended South Dade High School of Homestead, Fla., two years and graduated from Telstar Regional High School, class of 1970. He is now enrolled at Lowell Technical Institute of Lowell, Mass.

PHARMACY HAS ITS LIGHTER SIDE

"Do you have Prince Albert in a can? You do! Well, please let him out!" Youngsters just cannot resist calling us with this age-old joke. But frankly, we have never really minded this or the occasional other inoffensive joke. For it keeps our sense of humor alert in a profession that is mostly concerned with the seriousness of helping to treat sickness.

It also gives us a lift when a customer tells us a humorous incident about their child or family. For it makes our relationship more personal and we consider ourselves to be a personal service pharmacy. We feel that a good laugh can sometimes be the best available medicine and we try to always have it in stock.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

NOTICE - For your convenience, you may now pay your Central Maine Power Co. bills at Clukey's Pharmacy.
